Just feel it !***

I want to tell You a little story

Long long time ago, when gods were closer to the people, popular myths and legends were real, power of magic was incredibly strong.

A secret order of alchemists created the elixir that was ruled by human emotions and actions. Kings and heroes wanted to own this artifact.

*The recipe was protected by the order, but it was a time of great battles and victories. The relic was hidden under the veil of the past and considered lost. But in 2004 the power of magic passed through the corridors of time and the secret recipe was revealed. **Just feel it...***
